VIÑEDOS SINGULARES

JUAN VALDELANA

ELCIEGO ✣ RIOJA ALAVESA

JVV RED 2024

"Viticultor Arte-Sano"

DESCRIPTION

This wine is the union of the rest of my treasures, the "cabezadas" and "corrillos" of the Singular Vineyards. I have the freedom to enjoy them, to show who I am, where I come from.
Effort, pleasure, passion, suffering, self-improvement, my whole life in a bottle.
They are Singular Vineyards planted between 1920 and 1940 in Elciego, Leza, Navaridas and Laguardia.
The soils range from the foothills of Sierra Cantabria, where grey limestone abounds, to Elciego with Tertiary rocks, made up of sandstone and loamy clay. The vineyards are certified organic viticulture vineyards.
The wine is made by carbonic maceration, as my grandfather taught me. Spontaneous intracellular fermentation in open vats. Aged for 1 year in foudres and bocois.

TASTING NOTES

Grape type: Tempranillo, Viura, Graciano, Garnacha, Mazuelo and others.

Very intense purplish red colour.

Aromas of cherry pulp and red plum, mixed with aromas of clove and crushed black pepper. Almond and toasted aromas, caramel-like, pleasant and attractive.

On the palate it is full and voluminous, with very spongy tannins and a fine touch. Spicy and mineral aftertaste that gives it elegance. As it opens, menthol aromas of rosemary and lavender emerge, with a seductive balsamic profile.
